I, the undersigned say,
That I am over the age of eighteen and not interested in the above entitled matter, that I am now, and at all time embraced in the publication herein mentioned, was, the principal clerk of the printer of The Columbian, a daily newspaper printed, published and circulated in the said county and adjudged a newspaper of general circulation by the Superior Court of the County of Clark, State of Washington, under Proceeding No. 802006715, that the advertisement, of which the annexed is a true printed copy, was published in the above-named newspaper on the following dates, to wit.

**NOTICE OF INTENT TO DESIGNATE
A RURAL INDUSTRIAL LAND BANK**
Clark County hereby provides notice of its intent to designate an industrial land bank in one or more rural areas. The purpose of the industrial land bank is to allow major industrial development on large properties that are master planned to accommodate industrial and manufacturing businesses outside of urban growth areas. Clark County received an application to establish the industrial land bank on two properties: the front SR-503 north of the Vancouver urban growth area, the Ackerland property, 223.72 acres west of 117th Avenue, and the Lagler property, 378.71 acres east of 117th Avenue. Both of these properties are currently designated for agriculture.
See <http://www.clark.wa.gov/planning/landbank/> for additional information including available reports and analysis and the scheduling of public meetings and hearings.

#86817 Determination of Significant RILB

DETERMINATION OF SIGNIFICANCE AND ADOPTION OF EXISTING ENVIRONMENTAL DOCUMENT

Description of current proposal

Clark County is considering the establishment of a rural industrial land bank (RILB) as provided in the Growth Management Act (GMA, RCW 36 70A 367). Clark County received an application to establish the RILB on two properties that front SR-503 north of the Vancouver urban growth area (UGA). Ackerland property west of 117th Avenue, 223.72 acres, and Eagler property east of 117th Avenue, 378.71 acres.

Designation of the RILB would allow large properties in rural areas to accommodate light industrial and manufacturing businesses, and limited commercial uses. Future development would need to be master planned and demonstrate consistency with the Clark County Comprehensive Plan, the Light Industrial Zone, and development standards requiring a perimeter landscaped buffer, water quality and air quality standards, critical areas regulations, stormwater standards, and adequate roadway, water, sewer, power and other infrastructure.

The Clark County Comprehensive Plan identifies the subject areas as agricultural lands of long-term commercial significance. Portions of the properties are identified as Railroad Industrial Reserve or Industrial Reserve. As part of designating the RILB, the properties would be designated from agricultural lands of long-term commercial significance, designated as a RILB, and rezoned as Light Industrial (IL).

Based on the requirements of GMA, alternative locations for the RILB have been considered. An inventory identified five sites: one site in the Vancouver Urban Growth Area (UGA) and four non-UGA sites including the docket site for analysis as alternative sites.

Site 1 is the subject docket site north of the Vancouver UGA straddling SR 503.

Site 2 is adjacent to and north of the Ridgfield UGA along I-5.

Site 3 lies between the Vancouver and Ridgfield UGAs along I-5 at SR 502.

Site 4 is adjacent eastward of the Vancouver city limits.

Site 5 consists of the Section 30 subarea plan site in eastern Vancouver city limits.

All sites were considered for industrial or employment center purposes in the Clark County 2007 Comprehensive Plan Environmental Impact Statement (EIS). The City of Vancouver led a subarea plan for Section 30 and development agreements were prepared in 2009. Environmental review was conducted with the subarea plan and also has occurred as developments have been proposed.

Proponent:
Clark County

Location of current proposal

The docket site is north of the Vancouver UGA along SR 503. Primary addresses are 13207 NE 117th Ave, Vancouver, 98662 (east); and 10901 NE 149th St, Brush Prairie, 98606 (west).

Title of document being adopted

Clark County Comprehensive Growth Management Plan Final Environmental Impact Statement 2007

Agency that prepared document being adopted

Clark County

Date adopted document was prepared

May 4, 2007

Description of document (or portion) being adopted

The Final EIS is being adopted.

If the document being adopted has been challenged (WAC 197-11-630), please describe

Not applicable.

The document is available, as follows:

On-line, at http://www.clark.wa.gov/planning/comp_plans/eis.html.

Clark County Community Planning

Vancouver, Washington

98668-9810

The lead agency has determined this proposal is likely to have a significant adverse impact on the environment to meet the requirements of RCW 43 21C 030(2)(c). The lead agency is adopting the document described above under WAC 197-11-630; there will be no scoping process for this project.

We have identified and adopted this document, as being appropriate for this proposal after independent review. The document meets our environmental review needs for the current proposal and will accompany the proposal to the decision maker.

Environmental review

An addendum to the 2007 EIS in the form of a programmatic environmental review has been prepared regarding the RILB. This document includes a review of environmental factors for the application site and contains mitigating measures as required in the form of a master plan concept and proposed development regulations. The addendum is available at <http://www.clark.wa.gov/planning/landbank/>.

Comments

Comments on the addendum will be taken for 14 days after the date of issuance of this notice (October 21, 2015). Comments may be sent as follows:
