Subject:	FW Comments on the Clark County Rural Industrial Land Bank Programmatic Environmental Review

Dear Sirs and Madams:

Page 4 of the Addendum for the Clark County Rural Industrial Land Bank Programmatic Environmental Review and the webpage located at this address:

http://www.clark.wa.gov/planning/landbank/

Both include an email address that is not operable, please see below. Given that the comment deadline for the addendum is approaching, we recommend that the county publicize the correct email.

Thanks,

Tim Trohimovich, AICP

Your message to commplanning@clark wa.gov couldn't be delivered

commplanning wasn't found at clark.wa.gov

Tim	**Office 365**	**commplanning**
Action Required		Recipient

Unknown TO address

How to Fix It

1

The address may be misspelled or may not exist. Try the following·

- Retype the email address then resend the message.

- Clear the recipient nickname cache in Outlook or Outlook Web App by following the steps in this article: Error code 5.1.1 in Exchange Online and Office 365.

- Contact the recipient (by phone or instant messaging, for example) to check that the address is correct.

- The recipient may have set up mail forwarding to an incorrect address Ask them to check that any forwarding they've set up is working correctly.

If the problem continues, forward this message to your email admin.

Was this helpful? Send feedback

More Info for Email Admins

This error occurs because the sender sent a message to someone whose mailbox is not hosted by Office 365 and the email address is incorrect or doesn't exist. The error is reported by the recipient's email system, but most often it must be fixed by the sender An example is when the recipient changes their email address but the sender selects the person from the recipient nickname list, which still includes the out-of-date email address information

Sometimes it needs to be fixed by the recipient or the recipient's email admin, for example, when the recipient has created a mail forwarding rule to an incorrect address, or if there's a problem with their email address directory. If the sender is using the correct recipient address, and it's still not working, send a test message from another user mailbox to see if it's an issue unique to this sender If you reproduce the problem sending from another user account, ask the recipient or the recipient's email admin to confirm that the recipient address exists, is correct, and is working Suggest they check for misbehaving forwarding rules or possible email address directory issues (such as directory synchronization issues)

For more information, see Error code 5.1 1 in Exchange Online and Office 365
