Gordy,
Do you deal with this type of issue?
Please advise.

Subject: SEPA Appeal of RILB Addendum to GMP FEIS
Message: I Wish to appeal the adequacy of the Clark County Rural Industrial Land Bank Programmatic Environmental Review pursuant to RCW 36.70A.367 (2)(b), and Addendum to the Clark Comprehensive Growth Management Plan Final Environmental Impact Statement May 4, 2007.

The boundaries of the Review and Addendum's study area are inadequate. They fail to include consideration of impacts of the proposal on Agricultural Resource lands and other actively farmed parcels to the north of the docket site. It also fails to address the impacts of the proposal on commercial berry growing operations in the study area and in the omitted area to the north of the docket site. These concerns are discussed in my comments on the addendum submitted to the Community Planning Department.
