Since that time the county has been working with a consultant to meet the statutory requirements for establishing the land bank. The requirements include an inventory of possible industrial sites, consultation with affected cities, development of a master plan concept, development of regulations that will be applied to all land bank uses, and an environmental review at the programmatic level. Information about all of these requirements can be found on the county's website at <http://www.clark.wa.gov/planning/landbank/>.
